

ASTRO SIESTA

By placing user needs at the forefront, we've crafted a care chair that doesn't just meet expectations—it redefines them, offering unparalleled comfort and functionality.

- Tilt-in-Space | Separate Legrest Elevation & Back Angle Recline
- Medium | High | Very high pressure relief seat cushion options
- Adjustable footplate - removable and flip up
- 4 braked castors (4")
- Adjustable Seat Depth and Width
- Removable armrests to enable side transfers
- Wipe down, breathable fabric
- Negative angle legrest achievable
- 4" Castors - 2 braked
- 25 stone/160kg

The Astro Siesta offers modern design, comfort, and support in a versatile manual chair. With smooth tilt-in-space positioning, legrest elevation, and adjustable back recline, it ensures personalised relaxation.

Upholstered in vapour-permeable fabric to the inner seat area, it promotes breathability and lasting comfort. Pressure-relieving cushions enhance support, while high-quality castors provide easy portability between rooms or care settings.
